

AUSTRIA WILLING  
TO AID RELIEFWill Respond Favorably to  
President's Appeal for  
Suffering Poles.

Washington, D. C., July 28.—Informal assurances that Austria-Hungary was disposed to respond favorably to President Wilson's appeal for permission for shipment of American relief supplies to Poles in territory held by Austrian forces have been given personally by foreign minister Burián to ambassador Penfield.

The state department also received today from ambassador Penfield the British foreign office's statement of Great Britain's willingness to permit importations of foodstuffs into Poland to be administered by a commission appointed by President Wilson, provided the German and Austrian occupying armies would not seize or remove products of the occupied territory. The condition, it is feared, may block the negotiations.

BURGLARS TAKE CLOTHES  
AND GUN FROM A. LUJAN

Burglars entered the room of Apollinar Lujan at 701 Hill street some time Thursday night and stole a suit of clothes and a pistol which was lying on a table. Entrance into the room was gained through a side window, the robbery occurring during the absence of Lujan. The theft was reported to the city detective department.

MRS. J. PHELPS SUES FOR  
DIVORCE AND MAIDEN NAME

Allegations of outrages and cruelty are mentioned in a suit for divorce filed in the 64th district court Friday by Julia Phelps against Charles A. Phelps.

The petition alleges that not long after the couple were married the husband beat and badly mistreated his wife. Plaintiff is asking for divorce and restoration of her maiden name, Julia Reynolds.

NEW WATER MAIN  
AND SEPTIC TANKCouncil Orders Estimates  
for City Improvements; to  
Drain 7th Street.

A new, 24-inch water main from the mesa waterworks to the city, septic tanks for the city disposal plant and the draining of surface water from Seventh street, between El Paso and Park, are three big projects which the city council now has under consideration.

At the council meeting Thursday the council authorized the city engineer to prepare estimates on these three new projects and his report will be made to the city council at an early meeting.

The most important of these improvements at the present time is the installation of the 24-inch water main from the mesa plant to the city. To get enough water to the city from the mesa plant at the present time it is necessary to force the 16-inch main to its capacity. This makes the fuel cost of pumping much higher because of the additional load. The new main will eliminate the necessity for forcing water through the present main at its maximum capacity and the two mains will be used to carry water into the city under normal conditions.

**Septic Tanks Needed.**  
The installation of septic tanks at the disposal place will increase the capacity of the plant and will also make the plant modern as the septic method of handling liquid garbage is considered the most modern and efficient. It is not yet known how many of the tanks will be installed until the report of the city engineer is made.

The draining of Seventh street, from El Paso to Park streets, is one of the most necessary improvements on the south side. When it rains the flood waters from the north side cover this street, and, because of the poor drainage, it stands there until the water evaporates, making it a menace to the health of the people living in that vicinity.

Mayor Lea has ordered the city engineer to rush the estimates on these three big projects and work will start as soon as these estimates have been approved by the council and the contracts let.

BANKRUPTCY PETITION IS FILED  
AGAINST GOLDOFT LIQUOR CO.

Bankruptcy proceedings have been started against the Goldoft Liquor company, 118 South 23d street, in the petition of the Van Blatz Brewing company of Milwaukee and John V. Montague and E. T. Ammonett of El Paso county filed in the United States district court.

The petition shows that the largest claim is that of the Van Blatz Brewing company. The petition alleges that the brewing company has a claim of \$28,450 for goods purchased by the Goldoft Liquor company. The petition states that this is evidenced by promissory notes.

Another allegation is the claim of John V. Montague for \$225 for services rendered in the audit of books and accounts of the Goldoft Liquor company.

E. T. Ammonett presents a claim for goods sold and delivered and labor performed amounting to \$2.

LAWRENCE SEEKS TO STOP  
CITY FROM WRECKING HOUSE

An injunction suit asking for an order restraining the city of El Paso from destroying his property on lots 18, 19 and 20, block 18, in the Campbell addition, has been filed in the first district court by C. H. Lawrence.

The plaintiff alleges in his petition that Dr. W. C. Klutz, health officer of El Paso, has sent him a communication to the effect that the property of the plaintiff was a public nuisance and that if said property was not removed the defendant would suffer being fined and the city would destroy the property.

The suit is a result of the recent cleanup campaign that the city has been waging against disease breeding places.

HATCH TAKES ALL BLAME  
FOR COLLAPSE OF BANK

Newark, N. J., July 28.—Edwin H. Hatch, vice president and stockholder in the closed Mutual Trust company of Orange, N. J., has assumed full responsibility for the collapse of the institution, saying the crash resulted from the overcertification of a \$21,000 deposit to \$240,000.

Hatch's statement, issued from his sick bed, followed the arrest of himself and Thomas S. Byrne, secretary-treasurer of the bank. The latter previously admitted, according to the authorities, that he had a part in the alleged conspiracy, but asserted his act was not prompted by a desire for personal gain, but by the belief that he was serving the bank.

W. MILLER BOUND OVER TO  
GRAND JURY; GIVES BOND

After taking the testimony of three witnesses, Justice James M. Deaver Thursday afternoon bound over W. Miller to the grand jury on a charge of assault to murder upon H. N. Campbell, in the Empire pool hall on San Antonio street, July 25. His bond was fixed at \$500 which was made by Miller.

THIEF TAKES AUTO FROM  
GOLDOFT LIQUOR COMPANY

Fort auto truck No. 3708, owned by the Goldoft Liquor company of 414 South El Paso street, was stolen some time Thursday night and is believed to have been driven either to one of the national guard camps northeast of the city or to Juarez. The car was left standing in front of the supply house of the company about 8 o'clock, and when the driver returned he discovered that it had been stolen. Officers at both international bridges were notified of the theft and given a description of the car.

FORD CAR FAILS TO BUTT  
PARK STREET CAR OFF RAILS

A Ford touring car was slightly damaged Thursday night at Stanton and San Antonio streets when it was struck by park street car No. 16, and knocked several feet. Several passengers who were in the automobile at the time of the accident, escaped injury. The identity of the driver of the automobile is unknown. Traffic on the park line was delayed only a short time.

JUDGE BLANTON ARRIVES TO  
GET OFFICIAL VOTE OF COUNTY

Judge Thomas L. Blanton, candidate for congress from the 16th congressional district, arrived here Friday morning from Eastland, Texas, where he has been holding court.

Judge Blanton declined to make a statement regarding his race other than to tolerate his statement of Thursday that he was elected by a good majority, judging by the partial returns. He claims to have carried 4 counties, some by overwhelming majorities.

After a careful estimate of the partial returns from the El Paso county precincts Judge Blanton declared that congressman Smith's lead in El Paso county would not be sufficient to overcome his majority given the state.

Judge Blanton will hold a conference with his friends at the Sheldon Saturday morning.
